THE EVOLUTION OF IMAGING

Classic Rock Splat! keeps your sound advancing. Whether playing Classic Rock's latest or greatest, you'll have powerful, modern imaging with the renegade spirit that made the classics, "classic."

SPLAT! RADIO IMAGING

Your new secret weapon for awesome imaging!

Smart radio imaging, designed for ease of use, maximum versatility and optimum sonic impact.

Premium content, ideas, inspiration, and turn-key imaging solutions for busy, time-strapped producers.

Saves time and lets users work faster, smarter and more efficiently to get imaging on the air sooner.

All new and completely redesigned, The SPLAT! website is ultra fast, stable and responsive with powerful search capability and a streamlined, easy to use interface.

Unlimited downloads. More than 200,000 imaging elements & 150 GB of audio currently in the SPLAT! database.

Updated constantly with fresh, format appropriate content and imaging elements.

IDs, sweepers and promos include full mix, mixout and individual workparts – easy to customize or remix.

The best customer service in the biz. Seriously, when you need us, we've got your back!

SPLAT!

Radio Imaging is available in Canada exclusively through Orbyt Media.
